## 2024 Honorees

2023 was a year of great progress and achievement for our members. We also experienced significant loss.

As we gather to celebrate, we also honor and remember two people who passed away recently. Their friendship and support will be greatly missed across our community.

### Dick Doyle RIP 20 December 2023

Memorial Service 26 January 2024 at 10:00 am at All Hallows in La Jolla.

An IEEE Life Senior Member, Dick Doyle served twice on the IEEE Board of Directors as Region 6 Director from 1987 to 1988 and as Division VI Director from 2003 to 2004. He was a highly valued member of the San Diego Section. He was always gracious and generous with his time and advice and was a positive and effective force for good.

Dick had been involved in many IEEE activities since joining in 1978. He served in various volunteer leadership positions for the San Diego Section, as well as on Regional Activities, now Member and Geographic Activities, and Technical Activities Boards. Dick was also an active volunteer for the IEEE Reliability Society, serving as President from 1995 to 1996.

### Bill Denke RIP 6 January 2024

Memorial Service 27 January 2024 at 10:30 am at St. Paul's Lutheran Church in San Diego.

Bill was instrumental in the health and success of the Life Members Affinity Group in San Diego, organizing a wide variety of compelling technical talks and valuable professional development opportunities for members. Topics ranged from interdisciplinary workshops that combined microwaves with 3D printing of woodwind musical instruments to talks about the nitty gritty details of what it takes to be a successful business technology professional. His mentorship and leadership made a lasting impact in San Diego.
